# Fifth Dimension

**Ideal for corporate and private events** - leave your guests thoroughly entertained and help mark your event as truly memorable.  
**Perfect for weddings** - helps create a party atmosphere from the moment your guests arrive at the wedding reception venue.

Naturally, our work is best appreciated when seen, so let's meet, we promise you will enjoy the meeting!

Thank you so much for entertaining us last night. You were magnificent. You added an extra dimension, excuse the pun and made our event even more special. You certainly impressed our guests.

**NHS Grampian**

The evening table magic and grande finale (cabaret) were just great fun. Rarely have I seen an audience enjoying itself so much.

**BG Group**

The entertainment was absolutely excellent, and our overseas clients commented that it was the best night out they had been to. Full marks!

**Offshore Shipbrokers**

An excellent performance. I could tell by the raucous laughter coming from all the tables, including mine, that everyone was having a really great time and it certainly ended our afternoon in a most enjoyable way.

**Ernst & Young**
